NOW HAVING EFFECT.

Citizens Take up the Fight Started
by Mrs. Nation.

JOINTS MUST CLOSE.

Notice Is Given the Keepers That Their
Places Must Be Closed Out by
Friday or Wrecking Will
Follow Immediately.

Topeka, Feb. 11.—Three thousand male citizens of Topeka, in mass meeting here Sunday, decided that the numerous joints of the city must close. They issued an ultimatum giving the joint-ists till next Friday at 12 o'clock noon to quit business. If this is not done warning is giving that a thousand armed men would immediately move on the joints and remove them by force. Sunday's action is the result of the crusade started in Topeka less than 10 days ago by Mrs. Carrie Nation. The meeting was a remarkable one in every respect.

Twelve hundred men signed their names to cards pledging themselves to be ready at a moment's notice to join the army which has been recruited to stamp out the joints by the time the limit set by the ultimatum expires. There seems to be no question that the next few days in Topeka will see interesting developments, possibly some bloodshed.

OPPOSE HER METHODS.

Mrs. Gates Condemns Mrs. Nation's Way
of Obliterating Saloons.

New York, Feb. 11.—Mrs. Julia B. Gates, recording secretary of the New York City Woman's Christian Temperance union, discussing the methods of fighting saloons adopted by Mrs. Carrie Nation, said:

"I do not approve of Mrs. Nation's battle ax methods. While she may not be technically violating the law according to the way it is interpreted in Kansas, still as a matter of fact her course is one opposed to law and order, and therefore is to be condemned by the union, because our whole fight is against lawlessness. For the union at large to endorse the methods of Mrs. Nation would not be consistent with our constitution. If we are ever to succeed in crushing the powerful saloons it must be by legislation, not by the hatchet."

"It would be impossible for Mrs. Nation to smash saloons in New York as she has in Kansas, as she would be arrested immediately and would be forced to pay for the damage she had done. She could not hope for any help from the local branches of the union."

Crowds Greet Mrs. Nation.

Des Moines, Feb. 11.—Mrs. Nation during her tour through the western part of the state Saturday made a dozen addresses from the platform of a Rock Island passenger train to as many crowds in the towns she passed through. In the afternoon she visited four Des Moines saloons, doing no damage, but drawing such a big crowd on the street that the police were compelled to stop the crusade. In the evening she addressed 2000 people in the Young Men's Christian association.

Municipal Ownership Experiment.

Galesburg, Ills., Feb. 11.—The municipal electrical lighting plant is ready for operation. Galesburg now owns two plants—water works and electric light—the former having been in successful operation many years. The light plant is in the same building as the water works, a new structure of brick having been built over both, at a cost of \$7000. The lighting plant will thus be run at a little extra expense for labor. The cost of the lighting system was but \$33,500, which was much less than private companies said it could be built for. The two dynamos have a capacity of 125 lamps each and the 200 lamps now up are of the most approved pattern. Forty miles of wire was required. Heretofore the city has paid \$13,000 to \$14,000 annually for street lighting to a private company, and the city officials figure that with the new plant the lighting can be done much cheaper than this.

Famous Statue Sold.

Rome, Feb. 11.—The Italian government has purchased from Prince Ludovico Boncompagni, for 120,000 lire, the famous Greek statue of Juno, for which he refused many foreign offers, including one of 500,000 lire from a London dealer, who, it is believed, was acting for William Waldorf Astor.

Election Riot.

Sofia, Bulgaria, Feb. 11.—Elections to the sobranje (the national assembly) passed off quietly except at Philippopolis where there was some rioting in which two persons were killed and several others injured.

Curtailment of Production.

Charlotte, N. C., Feb. 11.—The Southern Cotton Spinner's association is called to meet here on Feb. 16 to arrange for a curtailment of production, probably of from 33 to 50 per cent.

JAIL. DEAD.

Chief of the G. resman. — Representative Watertown, N. Y., der-in-chief of the Republic, was found dead Sunday morning in his room at the Riggs House. A physician pronounced his death due to apoplexy, probably about 2 o'clock in the morning.

Colonel Shaw returned about 1:30 o'clock from a banquet at the Ebbitt House in honor of his successor, Gen. Leo Rassieur, and before he left the banquet hall had responded eloquently to a toast and appeared in excellent health and spirits.

Colonel Shaw was 59 years of age, and a veteran of the civil war. He was the picture of health, of commanding stature, strongly built, with square shoulders and erect figure, which, with

COMMANDER IN CHIEF A. D. SHAW.

white hair and mustache, made him a conspicuous figure in the house. Col. Shaw was born in Lyme, N. Y. He served a term of enlistment in the Thirty-fifth New York volunteers and as a special agent of the war department at provost marshal headquarters during the civil war. Later he was a member of the state assembly for one term, was appointed consul to Toronto in 1868, and promoted to Manchester, England, in 1878, from which latter place he was removed by President Cleveland in 1885, for being "an offensive partisan." Afterwards he filled the office of department commander of the Grand Army of the Republic for the state of New York, commander-in-chief of the national body, and a representative in congress, succeeding the late C. A. Chickering, who met a tragic death in New York.

SENSATIONAL SHOOTING.

Chief Justice McClellan Wounded While
Shielding Two Alabama Lovers.

Montgomery, Feb. 11.—The courtship of two of the most prominent young people in Alabama terminated here Sunday in a tragedy subsequently followed by a happy marriage. The story appears to be as follows:

For several years Hon. John W. McQueen of Birmingham, assistant solicitor of Jefferson county, and Miss Caroline Beale, one of the loveliest of Montgomery's young women, have been sweethearts. The young lady's parents were not partial to his suit.

A days ago Mr. McQueen came to Montgomery on business connected with the legislature in which he represented his county for several terms and while here renewed his attentions to Miss Beale.

Her father is said to have emphatically informed Mr. McQueen that his attentions must cease. He continued them, however and Saturday night the couple met and determined to wed. They afterwards went to the residence of the probate judge and endeavored to secure a license to marry. The judge, being a friend of the family and being aware of the parental objection, denied this request and informed the father. Beale thereupon went to the residence of the chief justice of the supreme court and called for McQueen, who was a guest there.

The colloquy at the McClellan house appears to have been spirited. Just what was said cannot be learned but it is alleged Mr. Beale fired several times at McQueen. Fortune seems to have favored the young lawyer-lover, for he escaped unhurt, although his host, Judge McClellan, caught a bullet in his shoulder causing a wound which, while not fatal, is serious.

As soon Mr. Beale had left the premises, friends of the young couple commenced arrangements looking to an immediate marriage which occurred in the parlors of Probate Judge Gaston two or three hours later. Mr. McQueen and his bride spent Sunday afternoon at the Exchange hotel and left at night for New Orleans on their honeymoon.

FOR A TEXTILE SCHOOL.

The establishment of factories in Texas has rapidly brought to the attention of the public the necessity for a textile school in the state to train skilled operatives. The matter has been urged for some years by some newspapers, the Eagle among them, and it is gratifying to see it now taking form with the prospect for early realization. It appears to be generally agreed that the A. and M. college is pre-eminently the place for the school and it need hardly be noted that it would add immeasurably to the growth and usefulness of the institution and to the economic welfare of the state. The present legislature will hardly make provision for a textile school, but it is not unreasonable to expect that the next one will take the matter up and act upon it favorably. The following special from Austin indicates the sentiment prevailing on the subject:

"The textile bill in the house, of which Representative Stollenwerk is the author, is meeting with a great deal of favor. The object of the measure is to establish a textile school for boys and girls at College Station in connection with the A. and M. college.

"The only question on which the proposition hinges is whether or not the State is able just at this time to take up the question. The friends of the measure say that it is, and propose to push it for all it is worth. The new school would be of great benefit to the State, as the graduates are always assured of getting a good position in a first class factory of some kind."

A heartrending story comes from Lamar county, Colorado. A cow belonging to a farmer up there got into the kitchen and succeeded in eating some yeast cakes and swallowed an umbrella. The yeast fermented and opened the umbrella and the victim died in great agony. —San Antonio Express.

With an industrial school for girls and a textile school added to its present proportions the A. and M. College will indeed become the greatest educational institution in the south.

KENTUCKY LYNCHING.

Thirty Determined Men Put to Death
George Carters, a Negro.

TAKEN FROM

The Negro Was Secured by
in a Door and Overpowered
the Jailer—His Crime
Criminal Assault.

Paris, Ky., Feb. 11.—George Carters, a negro, paid the extreme penalty of his crime of assault upon Mrs. W. E. Board about three weeks ago, at the hands of a mob here early this morning. About 2 o'clock 30 determined men appeared at the jail door and demanded admittance of Jailer Kiser. He refused and the door was burst open.

The jailer was overpowered in an instant, the keys secured, and in less than five minutes Carters was in the hands of the mob. He refused to make any statement.

It was only the work of a minute to place a rope around his neck, and he was then half dragged to the entrance of the courthouse.

The rope was then thrown over the iron arch leading to the entrance, and, while several pulled on the rope, others lifted his body. He died by strangulation. The mob then quietly dispersed.

During the whole affair there was not a loud word spoken. Scarcely any one in the town, outside of the immediate participants, knew that the lynching was to occur.

Before the men dispersed they pinned a card on the body of the negro bearing this inscription: "This will be the fate of all negroes who assault white women."

The other occupants of the jail, who are all negroes, were greatly frightened and their cries and moanings could be heard several blocks. In half an hour after the lynching not a soul could be seen on the streets, and the lifeless body of the negro was swaying in the wind.

The crime was a most atrocious one. Mrs. Board, who is the wife of the bookkeeper at the Deposit Bank, in this city, was on her way home about 6 o'clock in the evening with her little son, when she was assaulted by a negro. Her cries and those of her son attracted the attention of some men, and the fellow made his escape.

Constant efforts were made by the police since then to detect the criminal, but without avail until last week, when Bessie Smoot of Ruckerville caused a warrant to be issued for George Carters, her brother-in-law, on a charge of assault.

A photograph was secured of him, which Mrs. Board identified as being that of her assailant and at county jail her little son also identified him.

OPENING OF PARLIAMENT.

Decorations Will Not Be Like Those
When the Queen Opened in 1886.

London, Feb. 11.—In January, 1886, when Queen Victoria for the last time opened parliament in person, every balcony from Buckingham Palace to Westminster was systematically draped with crimson, relieved by cords and tassels of yellow and government offices in the white hall was gaily festooned with streamers of flags stretching from lamp to lamp.

As London is still in mourning it is, however, not expected public buildings will be uniformly draped or decorated on Thursday when King Edward drives from the Marlborough House to the house of lords. Every flag will probably fly mast high but no decorations are anticipated other than small shields displaying the coats and arms of Westminster and London, which will be affixed to lamp posts along the route. If given fine weather the spectacle is sure to be a magnificent one. The ancient state coach is in the hands of a firm of coach builders in Longacre undergoing repairs, which are no doubt sadly needed, considering the vehicle has been lying idle since the death of Prince Consort, 40 years ago.

Religious Prospects Good.

Hartford, Conn., Feb. 11.—Public relations committee of the Hartford Theological seminary recently sent letters to the Young Men's Christian associations of American colleges and universities, asking for information as to the religious conditions of these institutions. Out of 65 institutions reporting, in only five does religious prospect seem less encouraging than formerly.

Want Russia to Lead.

St. Petersburg, Feb. 11.—The Bourse Gazette in advocating an alliance between France, Russia, America and Japan to offset the Anglo-German alliance, which a portion persists in believing real, says the other three powers should accept Russia's leadership and make peace without delay, regardless of the Anglo-German alliance.

Judge Moise Dead.

New Orleans, Feb. 11.—Judge James O. Moise, of the criminal district court, was seized with an epileptic fit at his home here and is dead. He had been reelected in November to serve a 12 year term.

King Leases His Racing Stock.

London, Feb. 11.—All of King Edward's race horses have been leased to the duke of Devonshire for the season of 1901.

SAFE CARRIED OFF.

Bold Robbery from a Depot Platform in
a Town in Iowa.

Sioux City, Feb. 11.—Prompt and active work by the authorities at Manila, resulted in the arrest of three men accused of having been implicated in the theft of an United States express safe containing \$40,000.

The Chicago, Milwaukee and St. Paul train on which the safe was taken from Sioux City arrived at Manila at 8:05 Saturday night. The Omaha train was late and James Sturtevant of Sioux City, the express messenger, did not hurry in unloading the goods and packages from his car. The express safe and other articles was unloaded and placed on a truck on the depot platform and then Sturtevant and the baggageman went to the other end of the platform to get another truck load. When Sturtevant returned he saw that the iron box was gone.

City Marshal Forell assembled a posse and vigorous work was begun. Snow lay thick on the ground and it did not take long to discover the tracks of two persons who evidently had been carrying some heavy object directly from the truck as it stood on the depot platform. They carried the safe about two blocks and then loaded it into a wagon. The wagon was driven about a mile and a half out into the country and there the safe was forced open and the contents abstracted. The men then abandoned the safe and went their way on a new track. It was not difficult to trace them, however, and John Jackson, John Stovall and Charles Mayes were arrested. All were men who lived at Manila and are well known. They stoutly protested their innocence, but the authorities believe the evidence against at least two of them will prove conclusive.

TORTURED AND ROBBED.

Six Men Force an Ohio Farmer to Give
Up His Money.

Mansfield, O., Feb. 11.—Near McKay, a hamlet in Ashland county, Saturday night six masked robbers burst into the residence of John Duncan, a wealthy farmer, bound and gagged Mr. Duncan and the four other members of the family, ransacked the house and demanded from the farmer that he disclose to them where his money and other valuables were secreted, and on his refusing to do they applied matches to his feet, torturing him as well as the others, until the money was disclosed. The thieves evidently knew that Mr. Duncan had considerably money at home as he was suspicious of banks. They secured \$450, four watches and other valuables, after which four of the robbers, leaving their victims still helpless, stole a team of horses and a bob sled and made their escape.

An Indian's Will.

Vinita, I. T., Feb. 11.—The following quaint will, made out by a fullblood Creek Indian, is now in litigation in the United States court in the Indian Territory:

"Coweta district, Creek Nation, Sept. 9, 1887—I give to her, Chatkee, one house and field. She can stay there as she lived in this earth, and if I died before she is, so she can do of where she please. If she died before I died, then I will take back the place and field. If I died first she can keep it as long as she live in this earth. Witness my hand and sealed this 9th day of September, 1887, above written and just and correct.
"C. H. MARSHALL."

Deadlock Continues.

Havana, Feb. 11.—The Cuban constitutional convention completed its work at Saturday night's session with the exception of the settlement of the deadlock, which still exists on the question of accepting the clause that would make General Maximo Gomez eligible to the presidency of the republic. As both factions are very anxious to get the constitution before the United States congress it is thought by some that a compromise will be reached, but the feeling is very bitter, and there is a probability that the controversy will be prolonged.

Officer's Big Capture.

Knoxville, Feb. 11.—Four deputy marshals under the leadership of Deputy Collector Hart, made a big capture of four men and three women in a still house in Cherokee county, North Carolina. They destroyed 2000 gallons of beer and equipment. Robert Styles, one of those arrested is wanted on seven charges including charges of having killed two men.

Run Over by a Train.

Fort Worth, Tex., Feb. 11.—A man, supposed from papers on his person to be James McGough of Krebs, I. T., was killed at Bethel switch a short distance south of town, Sunday, being run over, it is stated, by the northbound Missouri, Kansas and Texas train. The body was brought to the city in the baggage car.

Serious Fire.

Boston, Feb. 11.—Three persons dead, four others badly injured and a financial loss of \$2500 is the summary of damage caused by fire that occurred in a 4-story brick dwelling on Harrison avenue Sunday morning.

Plague at Cape Town.

Cape Town, Feb. 11.—Ten cases of what is supposed to be bubonic plague have been isolated. One of the victims is a white person, the others being natives. A native child has died of the disease.

Fat Stock Show.

Fort Worth, Tex., Feb. 11.—Secretary Nimmo of the fat stock show which opens here tomorrow, estimates there will be between 5000 and 6000 head of cattle on exhibition.

STATEMENT OF ASSISTANT SURGEON GEORGE F. FREEMAN, UNITED STATES NAVY.

United States Naval Hospital, Washington, D. C., Jan. 28, 1900.
DEAR SIR:—I consider the continued use of alum in baking powders injurious for the reason that some of the alum will remain and be taken into the stomach in a soluble form, most probably the hydrate, and being soluble in the acid secretions of the stomach will interfere with the immediate gastric digestion, and continued use will bring on a more chronic gastritis. I think that the use of alum baking powders should be prohibited by law; that all baking powders should have a label certifying that they are free from alum; that the use of alum by bakers should be prohibited by law and that any breach of the law should be punishable by a suitable fine.
Very respectfully,
GEO. F. FREEMAN,
Assistant Surgeon, United States Navy.

Beware of baking powder sold at 25c per pound or less as they are sure to contain alum—to be sure of the best get

CITY COUNCIL.

Arrangements Made to Begin the Work of Street Improvement.

The council met in adjourned session yesterday afternoon at 2 o'clock. Mayor Tabor, president, presided.

Minutes of last meeting, office reports and bills were disposed of as usual.

The fiscal agent's report shows balances as follows:

School fund.....\$4110 00
Special building fund..... 3223 93
Water works fund..... 2136 21
Cemetery fund..... 13 34
Building and street improvement fund..... 538 45
Tax and fine fund..... 1185 51
Street appropriation fund..... 6551 16

The finance committee was authorized to purchase a street roller.

The finance committee was authorized to secure the services of an experienced street man to superintend the work of improving the streets.

The street committee was authorized to go to Marlin and inspect the gravel pit there with a view to ascertaining its practicability for use in street improvement and report to the finance committee, which is then authorized to purchase either gravel or crushed rock for the work, as appears best in the judgement of the committee.

Aldermen Parker and Howell were instructed to go to Brenham and inspect a street roller offered for sale there.

A petition from Tyler Haswell and others for the improvement of two streets in the west part of town was referred to the street committee.

J. E. Butler was re-elected city attorney at the same salary.

The city attorney was instructed to draw up an ordinance providing for the condemnation and removal of dangerous buildings or awnings.

The city attorney was instructed to prepare an ordinance making it a finable offence to remove yellow flags put up by the health officer.

Adjourned.

Bryan Business League.

It is desired to have a large attendance of members at the regular monthly meeting of the Business League tonight. The meeting will be held tonight in the K. of P. Hall, 3rd floor, Koppe Building, and will be called to order promptly at 7:30.

The legislative committee will report on the status of the Girls' Industrial School and the committee on holding a Farmer's Convention is also expected to report.

It is probable that new business of exceptional interest will also be brought before the League.

W. E. SANDERS, President.
F. M. LAW, JR., Secretary.

Representative Green, of Yoakum, a member of the A. and M. visiting committee, spent Sunday in Bryan. The guest of his university classmate, J. R. Astin. Mr. Green was a student at the A. and M. in the early eighties and he was immensely surprised and pleased at the improvements which are noticeable there and also in Bryan since that time. He says he thinks Bryan is entering upon the greatest era of prosperity the city has ever known.

Mr. J. Allen Myers says that on Friday night some party or parties effected an entrance to his hardware store by breaking an upper glass in the back door, and four double barreled shot guns were stolen. Mr. Myers says he has been frequently robbed in this manner in the past.

J. R. Astin went to Austin Sunday night to look after the industrial school bill as the representative of the legislative committee of the Bryan Business League. The bill will probably come up Thursday and other members will go over between now and that time.

John M. Caldwell has the largest and most select stock of wedding presents ever shown in the city, including many fresh, new goods received since the holidays and never shown before. 59

The Ewing-Taylor Company

Have been compelled to change their date in Bryan on account of sickness in the company, and will not give a performance until Thursday night, Feb. 14th, upon which occasion the laughable society comedy, "Because He Loved Her So," will be presented. The Ewing-Taylor management prefer to lose the time to presenting a play in an inferior manner. Ladies free Thursday night when accompanied with a paid 30 cents ticket.

H. & T. C. Excursions.

FORT WOTRH—Feb. 11, 12, H. & T. C. will sell round trip tickets to Ft. Worth, fare \$6.20. Tickets must be signed and stamped in Ft. Worth on or before Feb. 15th for return.

MARDI GRAS—Feb. 13, 14, 15, 16, 17 and 18, H. & T. C. will sell round trip tickets to New Orleans. Fare \$13.80. Tickets must be signed and stamped in New Orleans on or before March 1st, 1901 for return trip.

W. S. Wilson, Agent.

WASHINGTON NEWS.

Senate Takes up the Shipping Bill Only After a Vote.

Washington, Feb. 11.—When the senate convened at 11 o'clock this morning, Mr. Turley of Tennessee presented a bill for the re-election of Edward McKee, who was elected senator for a term of six years beginning on March 4.

Mr. Patterson of Colorado presented the bill for the re-election of Thomas M. Patterson, who was elected senator for a term of six years beginning March 4.

The bill for the re-election of both senators were taken up and in a short time passed.

Mr. Jones of Arkansas then moved to take up the shipping bill. Mr. Jones of Arkansas demanded the roll call and the vote was 53 to 14 agreed to by the senate.

The desk of Representative A. L. Shaw of New York, late commander-in-chief of the Grand Army of the Republic, who died suddenly Sunday morning, was draped in black and covered with azalias and roses when the house met. The chaplain in invocation referred feelingly to General Shaw's death.

Owing to extreme pressure of public business it was decided by the house leaders to be inexpedient to adjourn out of respect to his memory.

Immediately after the reading of The Journal Mr. Payne, chairman of the committee on ways and means, by direction of the committee, reported back the war revenue act as amended by the senate and moved the adoption of the resolution "to disagree to the substitute proposed by the senate as an amendment thereto and ask for a conference."

SPOONER AMENDMENT.

Lodge Instructed to Report it Favorably and Attach to Army Bill.

Washington, Feb. 11.—The senate committee on the Philippines has authorized Senator Lodge to report the Spooner amendment concerning the government of the Philippines as an amendment to the army appropriation bill. One slight verbal amendment was made. As introduced it provided that all military, civil and judicial powers necessary to govern the island, shall be vested in such persons as be named by the president, etc. The word "judicial" was stricken out because it was the opinion of the committee that all judicial functions are embraced in civil administration.

The Democrats on the committee made no opposition to the reporting of the amendment.

The provision will now be considered by the committee on military affairs.

The Anti-Trust Bill.

Washington, Feb. 11.—The anti-trust bill was again under consideration by the judiciary committee of the senate but no progress was made towards securing a report. Some of the members of the committee expressed the opinion that no report would be made during the present session of congress.

The bill as it passed the house is satisfactory neither to the Republican senators nor to the opposition. The latter element has, however, proposed the bill to be reported as it passed the house with a view of getting it before the senate and there attempting to amend it, but Republican senators have taken a position that the bill should be perfected in the committee.

The committee has practically agreed upon Senator Hoar's amendment exempting labor organizations from the operations of the present law, but made no other definite progress.

Presidential Nominations.

Washington, Feb. 11.—The president has sent to the senate the nominations of James H. Wilson of Delaware, and Fitz-Hugh Lee of Virginia, now brigadier generals of volunteers, to be brigadier generals in the regular army.

MRS. MAYBRICK'S PARDON.

The State Department Not Advised That Such Has Been the Case.

Washington, Feb. 11.—The state department has not been advised of the reported intention of the British government to pardon Mrs. Florence Maybrick, the American woman, imprisoned in England on the charge of poisoning her husband. It is said, however, Mr. Choate has lost no opportunity at all proper times to work towards that end, and it is understood his efforts have been particularly energetic of late. Of course these must be unofficial for it would not be permissible for the case to be made subject of formal exchanges.

Secretary Hay, while ambassador at London did what he could in Mrs. Maybrick's behalf, and what Mr. Choate is now doing is simply in continuance with that movement. It is hoped, however, he is working under much more favorable auspices and that success is near at hand.

Nothing in the Rumor.

London, Feb. 11.—Officials of the home office say there is no foundation whatever for the report that Mrs. Maybrick had been pardoned.

Sad Fate of a Family.

Centralia, Ill., Feb. 11.—H. W. Schmidt, superintendent of the Illinois Southern railroad, died at Sparta today. His son, Harry, died Saturday night, and Mrs. Schmidt is not expected to live. It is supposed the family was poisoned by eating canned beef.

Ex-King Milan Dead.

Vienna, Feb. 11.—Former King Milan of Serbia is dead. He had been ill for a week.

Bryan, Texas.

NOT GUERRILLA WARFARE.

Boers Fighting the British Not as Bushwhackers, but as Soldiers.

London, Feb. 11.—The dispatch which was issued yesterday by the war office goes a long way to prove that the reinforcement of 30,000 mounted men now under orders for the Cape is really essential to the fulfillment of Kitchen-er's task. An engagement in which the attacking forces number 2000 Boers, and which results in at least 24 men being killed, cannot be considered a mere guerilla action. Nobody nowadays affects to believe that the South African campaign is virtually over and it is quite evident a general surrender of the Boer forces is not likely to take place for some time to come.

Louis Botha failed in his attack on Smith-Dorrien's camp, but, although he suffered severely, he appears to have inflicted sufficient loss on the British forces to prevent the battle being turned into a serious defeat. The Boers everywhere seem to be displaying increased audacity, and peace proposals are not likely to meet with a cordial reception as long as present bitter feeling between the Boers and the Britons in South Africa lasts. In view of this unsatisfactory state of affairs the pronouncement on the subject by the king in his speech to parliament is awaited by the country with the greatest interest.

Meantime nothing would delight Englishmen so much as to hear that De Wet's persistent attempts to gain a footing in Cape Colony had at last ended in his capture. Already irresponsible people are beginning to advise the military authorities what they should do with him, and one influential newspaper suggests, in the event of his being caught alive, that that he should be tried for murder.

DON'T NEED ANY HELP.

France Able to Defend Herself Should She Be Attacked.

Paris, Feb. 11.—The Gaulois says the obsequies of Queen Victoria during the reception at the Windsor, Emperor William perceived near him a group consisting of M. Cambon, the French ambassador to Great Britain, Vice Admiral Bienaimé, head of the French delegation attending the funeral, and General Dubois. Addressing M. Cambon cordially, his majesty said:

"Well, M. Cambon, are you not coming to greet me?" And as the latter approached the emperor added: "I wish to be well known I love France very much and shall never allow her to be touched."

"Sire," replied M. Cambon, "I think your majesty for what you have on good enough to say. France is a peaceful country, but if ever she is attacked she is capable of defending herself alone."

Depot Burned at Pottsville

Pottsville, Pa., Feb. 11.—Friday night the Katy depot at this place caught fire from a defective stove, destroying the entire building. All the freight and part of the express and books were saved. Agent J. P. was slightly injured while attempting to save the ticket case.

Cotton Oil Mill for Sale

THE URSULINE ALUMNAE.

To Help the Sacrificing Sisters in Texas.

A general meeting of the members of the Ursuline Alumnae and also of all the old pupils of the convent is called for tomorrow afternoon at 3 o'clock at the request of the convent superiors of the institution. The object of the meeting is to be given under the auspices of the Ursuline Alumnae at the French Opera House for the benefit of the memory of the noble storm which swept over the convent and city, carrying death and destruction in its path, need not be recalled, for such tragedies one never forgets. In this devoted Ursuline, more than the devoted Joseph, the heroine of the storm, passed through New Orleans, and her recital of the needs of the stricken community so moved the hearts of her noble sisters in the convent in this city that they have never yet appealed for aid even once during the 175 years that they have been in New Orleans, felt constrained to do something towards assisting their unfortunate sisters of Galveston. They are absolutely in want of the necessities of life; without school or pupils they must turn their face towards a new land, and there is to rebuild their once beautiful convent so that they may become supporting again through their industrious labors. To help reach this end is the aim of the Ursuline Alumnae, and therefore call upon all their dear pupils and on all the members of the alumnae to respond to the call at a meeting in St. Ursula's hall at 2:30 o'clock tomorrow p. m. New Orleans Picayune.

What are Premium Stamps

They are premium stamps given by the following leading merchants, representing nearly every line of trade, to induce patronage. The customer is given one stamp for every 10 cent purchase, and when \$25 worth of stamps are collected the customer is permitted to present the book of stamps at the merchant's store and select a useful article of good value. Books containing \$100 worth of stamps are issued by the following merchants upon the request of the customer, and when purchases are made, stamps are issued for every 10 cent purchase. When stamp books are one-fourth full, or one-half full, or three-fourths full, or entirely full, premiums may be selected at the discretion of the merchant, according to value. Premiums of higher value are also given for three books of stamps. It is necessary for the purchasing public to understand three essential things, to-wit: First that Premium Stamps have actual value, and are issued by the following live and progressive merchants to increase their patronage and give a special benefit to their customers in dealing with them. Second, the customer will not pay one cent more when buying from these merchants, but, if anything, much less, because the use of Premium Stamps increases trade, makes business "hum," and enables the stamp merchants to sell cheaper by reason of the large volume of patronage induced by the system. Third, that the premiums obtainable from the collection of stamps amount in reality to discounts or bills not otherwise obtainable from merchants, and decided by the courts to be a legitimate method of soliciting business. A word to the wise is sufficient. Call on any of the following merchants for Stamp Books, which give full information of their use in English and German, and do not hesitate to ask for stamps on all your purchases from them in their different lines:

YOU CAN GET THIS CHAMBER SET FREE

You can, without knowing it, furnish a bed chamber, without cost, by dealing with merchants who give Premium Stamps with every purchase.
